- 1 Precise Thermal Break**
Increased thermal efficiency is achieved by our conduction-resistant thermal break.
- 2 Reinforced Mounting Steel**
Triple-reinforced steel fold extends across the entire section for robust hardware mounting. An internal steel layer creates additional stability.
- 3 Insulated Tongue & Groove**
Joints are sealed with insulating foam and joint tape to reduce air flow and heat loss.
- 4 Proprietary Urethane Blend**
Perfected over generations, our precisely engineered polyurethane outperforms competitors in strength, energy efficiency, and density every time.
- 5 Proprietary Safety Brackets**
Reinforced bottom brackets and red safety screws create a double layer of built-in protection.
- 6 Flush**
Flush panel design.
