## SAFETY, DURABILITY, EFFICIENCY

The Hörmann Therma Tech 3400 is the best choice if you are looking for an affordable insulated garage door. The virtually maintenance-free Therma Tech door features a steel front and back with a polystyrene core with an R-value of 9.0. The range of options gives you choices to beautify your home while increasing your savings on energy.

### Precisely Designed **1** Tongue & Groove

Thermally broken section joints reduce air infiltration and create weather tight seal.

### 3-Layer Sandwich **2** Construction

Steel front and back construction with insulating polystyrene core increases energy savings and provides a very smooth and quiet operation.

### Well-defined Panel **3** Embossments

Easy to clean woodgrain texture, galvanized and finish painted steel provide years of trouble-free performance and beauty.

## Hörmann Innovations

### Safety Bottom Fixture

Hörmann garage doors utilize safety fixtures on their bottom sections for added safety for your peace of mind.

### Superior and Safe Windows

Hörmann window insert frames are recessed to the panel surface to give your door a cleaner look. Tempered safety glass panes offer extra layer of safety in case of breakage.

### Aluminum Bottom Seal Retainer

Hörmann minimizes floor corrosion by utilizing an aluminum bottom seal retainer that never rusts and is more durable than brittle plastic retainers.
